

Top-4 Unclustered Features by Anchor Year and Model (Dynamic View)

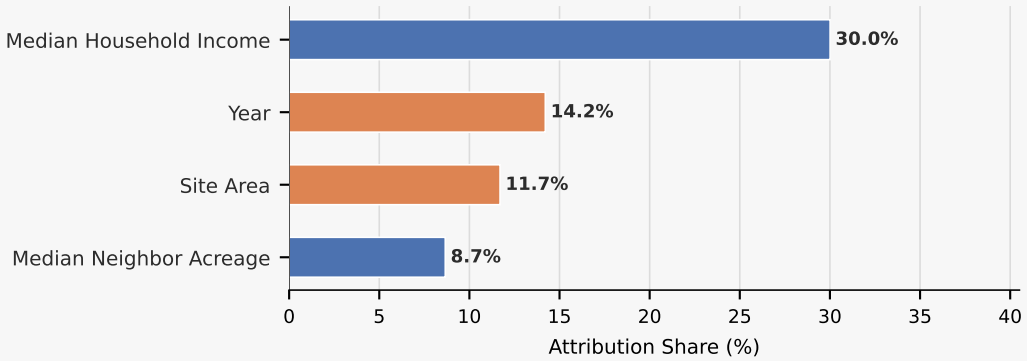

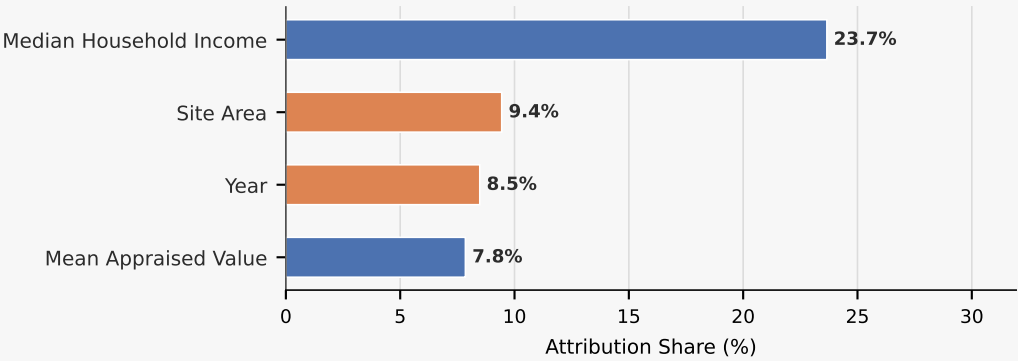

2019

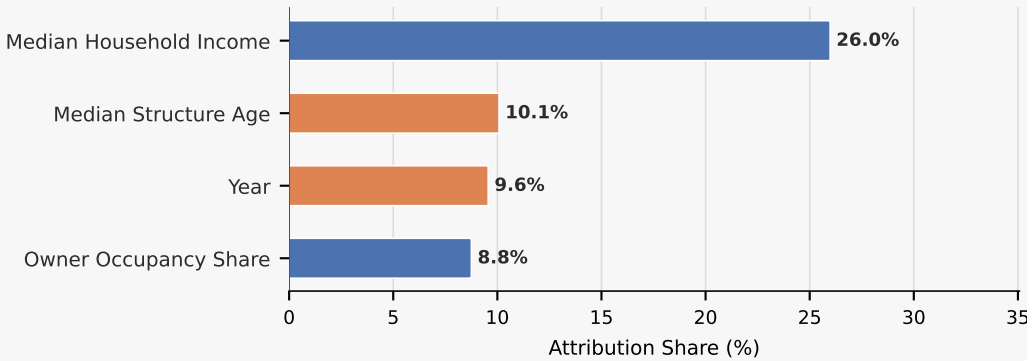

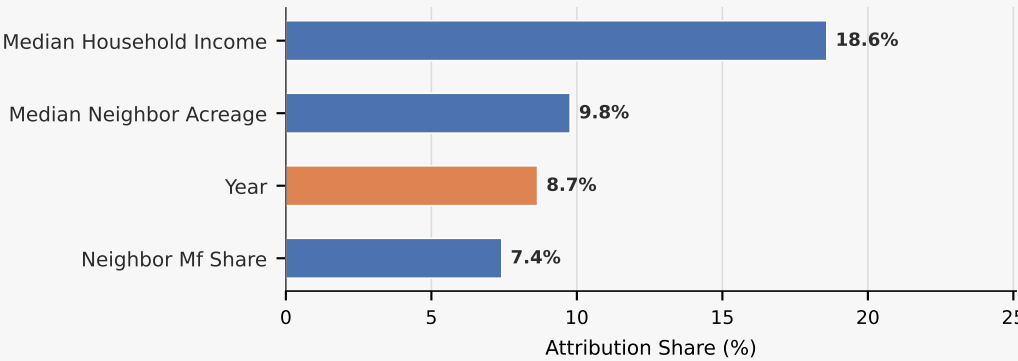

2020

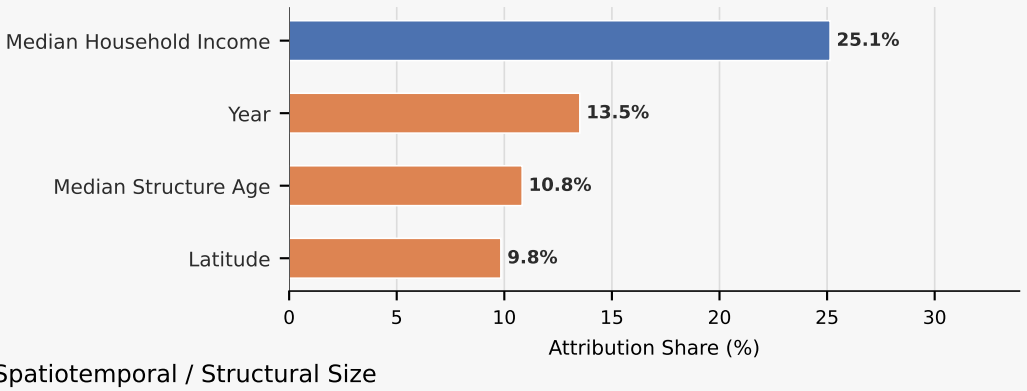

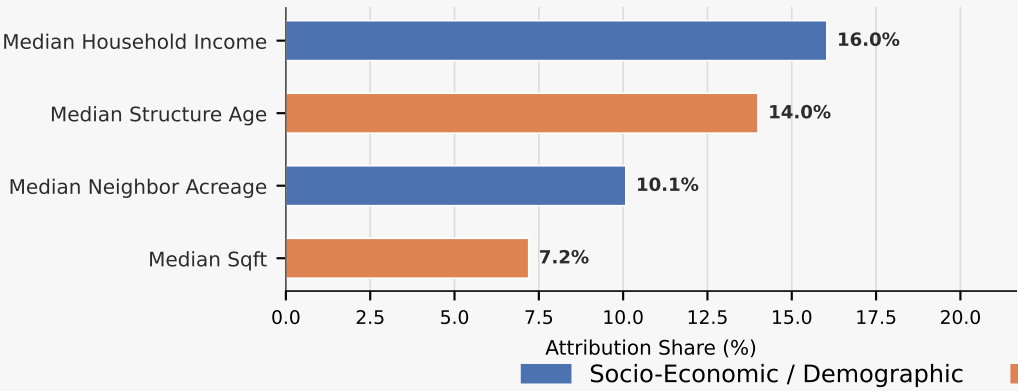

2021

2022

2023

Socio-Economic / Demographic      Spatiotemporal / Structural Size

Note: Orange bars indicate spatiotemporal/structural size features; blue bars indicate socio-economic or neighborhood demographic features. LightGBM consistently draws on temporal and spatial splits, while CatBoost concentrates attribution in demographics.
